## Prabhu Tara School

Volume 1

### From director's desk

By Mr Nandan Kumar

#### Vision of a school

Schooling is one of the beautiful dreams one has ever experienced. Little steps, filled with energy to reach school as soon as possible is one and only one aim one wish to achieve soon after leaving the home in a huff. Meeting with the classmates and occupying the favourite seat boost the energy. Weeping kids reaching school automatically tickles us. Morning assembly reminds our task to perform before the extraordinary gathering and the nervousness for the response. And after the end of the exhaustive school routine, it is the last bell of the school which again brings cheers on everyone's

face.

School really shapes the future and the teacher plays the role of a creator. No doubt the environment of the school plays a vital role. The Principal is the academic leader who fixes the academic direction of the school. 'Teacher' is the biggest word in the universe and the imbibing quality of a teacher is something different from the class room lecture. The person engaging classes may not be a teacher in true sense if he/she fails to ignite the young mind. Education as defined by many is not limited to acquiring degrees, getting jobs and earning a lot of money rather it is to make a man or woman a human being – for which the God has given us the human body.

#### My visit to Ahmadabad

**Bhanu Priya, Teacher**

Last year during summer vacation I visited Ahmedabad . So here I am presenting a brief description about the city. Ahmedabad also known as *am-davad* or *karnavati* is the largest city and former capital of Gujarat which is a state in India. It is the administrative headquarters of the Ahmedabad district and the seat of the Gujarat High

Court. Ahmedabad's population of **5,633,927** makes it the fifth most populous city in India. Ahmedabad is located on the bank of the Sabarmati River, **30km (19mi)** from the state capital Gandhi Nagar.

**1. Sabarmati Ashram**- It is more famous for Sabarmati Ashram which was founded by Mahatma Gandhi.

**2. River Front**-Sabarmati River-front is a water front being developed along the bank of Sabarmati river in Ahmedabad. People can walk, sit, play and enjoy the scenic beauty of the place.

**3. Kankaria Lake** -It is the second largest lake in Ahmedabad which is situated in the South-eastern part of the city, in the Maninagar area. A lake front is developed around it, which has many public attraction.

**4. Akshardham Temple**-Is a large temple of Swaminarayan who was the former spiritual head of **BAPS Swaminarayan Sanstha**. At the centre of 23-acre complex is the Akshardham Mandir, which is built from 6,000 metric tons of pink sandstone. There are five exhibition halls use audio-visual presentation and life-sized dioramas.

#### Metro

**Deepshashank, Student**

The article is about the carelessness on the part of the government in Metro Railways. I remember once I was in Kolkata and I was returning from Victoria Palace to my hotel by metro train. I never travelled in metro rail. As such I was very excited. But I was shocked to see the crowd at the metro sta-

tion. People were stuck to each other. In metro train there were automatic doors that a person should be inside within few second. Heavy rush at the metro station frightened me but not my parents. However, they were feeling uneasy. I thought token should be issued as per the availability of seats as allowed in the reserved compartment to avoid such a mad rush.

## मेरी सूनी

### दहेज प्रथा एक अभिशाप

विमला कुमारी, शिक्षिका

दहेज प्रथा की सर्वविदित है कहानी।

नहीं कोई मुझे नई बात सुनानी।।

भारतीय संस्कृति और सभ्यता के बहुत विकास के बाद भी हमारे समाज में बहुत-सी ऐसी कुप्रथाएँ प्रचलित हैं जो मानव मात्र के लिए कलंक हैं। उन कतिपय कुप्रथाओं में दहेज प्रथा सर्वोपरि है। यह प्रथा हमारे प्रगतिशील समाज को अतिशय कुरूप बना दिया है। दहेज प्रथा हमारे समाज में वैदिक काल से ही चली

आ रही है। निरुक्तकार यास्क ने अपने निरुक्त में बेटी के लिए 'दुहिता' शब्द का प्रयोग किया था। जिसका शाब्दिक अर्थ है दुहने वाली अर्थात् जो अपने पिता के घर से धन दुहती हो। यहीं से यह ज्ञात होता है कि वैदिक कालीन पिता भी अपनी पुत्री का विवाह में प्रचूर धन देता था किन्तु इस प्रक्रिया में स्वेच्छा ही प्रधान था। जिसके पास अपार सम्पत्ति हो वह यदि बेटी के परिणय के समय स्वेच्छा पूर्वक सामान देता है तो आज भी किसे विरोध हो सकता है। किन्तु आज यह विकृत रूप धारण कर चुका है। दहेज के डर से माता पिता बेटी को जन्म देना नहीं

चाहते। कोख में ही उनकी हत्या कर दी जाती। आये दिन न जाने कितनी अबलायें दहेज की बलि चढ़ गयीं। उन्हें जिंदा जला दिया गया। पढ़े-लिखों से तो अनपढ़ ही अच्छे हैं। उनमें लोभ उतना नहीं होता जितने की पढ़े लिखों में देखने को मिलती है। जिसकी जितनी अधिक शिक्षा दहेज की राशि उतनी अधिक। धिक्कार है दहेज के ऐसे भेड़ियों पर जो चंद पैसों के खातिर अपना जमीर और इंसानियत को बेच देते हैं और तरस तो मूक दर्शक बनें उन तथाकथित बुद्धिजीवियों पर भी आती है।

## मुझे भी कुछ कहना है

### खतरे की घंटी

राकेश रंजन, पूर्ववर्ती छात्र

दुनिया आज कराह रही है

प्रकृति कुछ समझा रही है

लगता है पूरी दुनिया

वे खड़ी हैं परमाणु शक्तियों के खंभों पर

लड़ने को उतारु हैं सब अपने कंधों पर

आने वाले खतरे की सहानुभूति

हर दिल को झुंझला रही है

आते बवंडर का मंजर

और बढ़ते समंदर का स्तर

खतरे की घंटी बजा रही है

दुनिया आज कराह रही है।

### बिन्दु

मनोज कुमार उपाध्याय, प्रधानाचार्य

तुम दुखी हो कि तुम बिन्दु हो

यह बेहद दुखद है।

अनंत विस्तार वाली लकीरें

तुम्हीं से तो बनती हैं।

त्रिभुज आयात वर्ग वृत्त

सारी आकृतियों के हिस्से हो तुम

पहचानो अपनी ताकत

को

और विस्फोट कर दो

बिग बैंग की तरह

और फैलते चले जाओ

ब्रह्मांड की तरह।

## बेटी तो ईश्वर का वरदान है

शिल्पा, छात्रा

बेटी तो ईश्वर का वरदान है

इसी से पूरी दुनिया जहान है

जन्म हो जाए बेटी घर जिसके

खुल जात भाग्य उसके

सबको देती सम्मान है

बेटी तो ईश्वर का वरदान है

कुछ माँ- बाप सोचते बेटा होता

जो बुढ़ापे में साथ देता

ये माँ- बाप बेटी को बोझ समझते हैं

अपने बेटे को एकलौता चिराग कहते हैं

और अपने को इंसान कहते हैं

इन्हें पता नहीं बेटी घर की शान है

बेटी तो ईश्वर का वरदान है

आओ आज हम शपथ लेते हैं

बेटी को बचाते और पढ़ाते हैं

मोदी के इस शुभ कार्य में हाथ बटाते हैं

तेजस्वी सम्मान खोजते नहीं गोत्र  
बतला के  
पाते हैं जग में प्रशस्ति अपना  
करतब दिखला के।  
रामधारी सिंह दिनकर

बेटी पढ़े यही नारा हम लगाते हैं

बेटी को बचाना हमारा अभियान है

बेटी तो ईश्वर का वरदान है।

## प्रभु तारा हमारा

दिव्या, छात्रा

बच्चों में है सबसे न्यारा

प्रभु तारा विद्यालय हमारा

प्रभु पिता माता तारा

आशिर्वाद में इनके बसा संसार हमारा

सादगी की है ये निशानी

पठन पाठन में नहीं है कोई परेशानी

पढाई के संग खेले-कूदे

जीवन का हम लक्ष्य न भूले।

सन् 93 में शुरू हुआ सफर प्यारा

आँखों में बसा प्रभु तारा हमारा।

## Science

### Alcohol as a Gifted Chemical

**Ehshan Ali**

The term alcohol always reminds us a chemical or liquid which brings addiction. Most of the people are aware of its special characteristic that it causes stimulation and produces a special peace of mind. This results an abnormal and irresponsible behaviour of a man as an alcoholic. Its common usable and market name is "Sharab" which has been made up of two words **Shar** and **Aab**. **Shar** is an Arabic word means evil and **Aab** is a Persian word means water. Its combined meaning is the water which

brings disorder in the society by evil act of an alcoholic person. Reality always proves its special behavior.

These days it is totally banned in our state. Being as a student of Chemistry, I always appreciate this revolutionary decision of our honourable Chief Minister. I am going to turn the mind of readers on the other beneficial and economic characteristics of this chemical which can dominate over its evil addictive characteristics. Hence, I have selected the term '**gifted chemical**' for this.

### SNAKES – THE MISUNDERSTOOD ENTITY

**S. NANDAN VERMA**

If there is any creature which can invoke a sense of fear and fascination at the same time, it is the Snake – the slithering, shimmering, scaly reptile – capable of sending its victims to heavenly abode with highly toxic '**LOVE**' dose.

Snakes have a controversial historical timeline. On one hand, they are held in high **reverence**, identical to **God**. And, on the other hand, they are portrayed as portrayed as **devilous** or **Satan** itself.

### Think Tank

#### HOW TO IMPROVE MATHS SKILLS

**Rohit Kumar**

Most of the students are afraid of Math. Because of this hesitation they do not study well. As a result of this they maintain distance from this interesting subject. Students always complain that they do not get success in Math even after hard labour. If you are also frustrated because of this, then these tips are for you:-

If you are not able to understand any topic then instead of leaving, focus on it. If you leave that topic, then you will not be able to solve next exercises because in Math, most of the chapters are related to each other.

\*Try to solve examples that are given in your book. If you do these then it will be easy to solve the questions given in the chapters. Apart from book, you can use DVDs, CDs, and audio cassettes to understand the examples. \*

Solve easy questions in the beginning of the chapter and after that stepwise you will be able to solve the hard sums..

\*Do more and more practice of each sum. By solving one or two times, you may not be able to solve it again after few days.

\*Keep your solutions clean and clear, so you will not get confusion while solving the sums.

\*Keeping formulae in mind is very important in Math. If you forget these formulae then you will waste your time and will not be able to solve the sums correctly.

#### **Role of Music in our life**

**By Kumar Nishant Former Student**

Music is the art of expressing ideas and emotions in significant sound forms by using the elements of rhythm, melody and harmony through voices, instrument or both. Music plays a great role in our life. There are various types of music which we can enjoy according to our need and requirement. Some of us are used to listen music during the study time, playing indoor and outdoor games and other moment. However, everyone wants to listen music in their spare time to get some enjoyment and relief their mind listening slow sound music gives us relief and peace and makes us healthy, mentally and spiritually. It helps us to get prevented from the mental and emotional problems all through the life. I love music so much from my childhood. Music is like a meditation and benefits a lot of us if we listen music on a daily basis.

#### **Achievements**

- Miss **Anjuman Akhtar**, Assistant teacher has joined a new course for career advancement..
- **Priya Raj Jha**, a former student has cracked the entrance test and took admission in a government medical college.

#### **Celebrations**

\* **72nd** Independence Day was celebrated in the campus on 15th August 2018 with enthusiasm. Soon after the flag hoisting by

the Principal Mr Manoj Kumar Upadhyay and the National Anthem, melodious patriotic songs were presented by the different groups of singers accompanied by Kumar Nishant on synthesizer, Mr Rajan Sappoo on Harmonium and Mr Chandan Ghosh on tabla. While delivering the Independence day speech Principal enthralled students not to forget those who sacrificed their lives for the country. Students listened speech delivered in Sanskrit by Shruti Kumari of std. VII with rapt attention. For the coming functions, preparations are afoot. Students are busy in last minute rehearsal.
